

Core of Adventism 7th - 14th May 2011

In an age of “enlightenment” where everything is questioned it is difficult to hold fast to beliefs that one cannot readily prove, like life after death, the creation week, and the interpretation of certain prophetic writings. Does faith play a part in our beliefs? Or are we bound by the sometimes erroneous convictions of science.

The Core of Adventism does not posture itself to answer every question however, it seeks to provide unity through focused study on some important beliefs for our church. In a Christ centred way we will look at the core beliefs of our church, the Sabbath, the Sanctuary, the State of the dead, the Spirit of Prophecy and the Second Advent of Jesus Christ.

These programmes will nurture and equip our members and help them to be grounded in Christ Jesus. Come along and experience some of this year’s Core of Adventism 7th – 14th May 2011 at various locations across the country. The following locations will host this year’s Core.
